Projects

- **Expense tracker**
The Expenses Tracker is a comprehensive application designed to help users monitor and manage their personal finances. The application enables users to track their income and expenditures, categorize transactions, generate reports, and gain insights into their spending habits. This project aims to provide an intuitive and user-friendly interface, ensuring that users can easily manage their finances and achieve their financial goals.
- **Responsive animated login page**
A responsive animated login page typically features a user-friendly design that adapts seamlessly to various screen sizes and devices. It includes engaging animations that enhance the user experience without compromising performance.
